Experienced Full Stack Developer | Actively Seeking Opportunities in
JavaScript and .NET Environments
Halifax, Nova Scotia, Canada

Summary

Full-Stack Developer with 2 years of professional experience, adept
at building web applications using React.js and Next.js, and creating
secure RESTful APIs with Node.js and Express.js. I continuously
expand my skill set by mastering new languages and technologies.

My skill set includes:
- Programming Languages: Python, C#
- Front-End Development: JavaScript, React.js, Next.js, TypeScript,
Redux, MUI, SCSS/SASS, Tailwind CSS
- Testing: React Testing Library, Jest
- Back-End Development: RESTful APIs, Node.js, Express.js,
Python, Prisma
- Databases: NoSQL, MongoDB, SQL, PostgreSQL, MySQL
- Cloud: AWS (Cloud Practitioner)

Learning Status:
After two years of working within the JavaScript ecosystem, I'm
expanding my expertise by learning C# and the .NET framework. My
experience in building REST APIs will support my goal of mastering
ASP.NET.

Job Status:
In addition to learning, I'm actively seeking new opportunities,
particularly in .NET developer roles and positions within the
JavaScript ecosystem, where I can apply my skills and contribute to
dynamic teams.

Portfolio:
I invite you to explore my portfolio website at www.aniketbhalla.com,
where you can view my professional experience and some of my
best work.

_____

Experience

ProcessUs Solutions Inc.
Full Stack Web Developer
May 2022 - June 2023 (1 year 2 months)
West Vancouver, British Columbia, Canada

• Development of backend and frontend features with MERN stack, and troubleshooting.
• Spearheaded the transition from traditional Redux to Redux Toolkit, enhancing system efficiency by separating frontend client state and cache state.
• Improved application rendering speed using React optimization techniques and State Colocation principles.
• Integrated Stripe for secure payment processing, and enabled user authentication via Google, Facebook, LinkedIn logins.
• Managed data-intensive forms using Formik library.
• Built and secured REST API using JWT tokens, bolstering application security.
• Effectively managed the deployment and ongoing maintenance of frontend and backend applications on Heroku.

Ablore
Web Developer
December 2020 - December 2021 (1 year 1 month)
IT Park, Panchkula HR, IN

• Developed and maintained user interfaces for web applications using HTML, CSS, and JavaScript.
• Collaborated with designers and back-end developers to ensure design consistency and enhance user experiences.
• Designed and implemented responsive, mobile-first web solutions.
• Conducted code reviews and debugging to enhance code quality and resolve front-end issues.
• Kept up-to-date with front-end technologies to improve web functionality and performance.

Education

CDI College
Diploma of Education, Web Development · (April 2020 - April 2022)

Panjab University

Bachelor of Computer Applications (BCA), Information Technology · (July 2016 - May 2019)
